

IMPORTANT NOTICE: RECYCLING

Please be advised that any recycling materials placed at the curb will not be picked up if the recyclables are placed in plastic bags. Place all recyclable items in a sturdy tub or container with handles or tie newspaper with twine. Cardboard boxes should be flattened.

Plastic bags are not permitted in recycling because they interfere with the sorting mechanism during the separation process. Plastic grocery bags may be brought back to the supermarket for reuse or recycling. Recycling pick up is on the first garbage collection day of each week. Please place recycling and garbage at the curb by 6:30 AM.

Thank you for your cooperation.
